Dear Tim:

Thank you for keeping me in touch with the activities of MSWG. I do not think I will be able to attend the meeting in California on any of the January dates. I would certainly like to stay in touch with future activities in this arena but it is perfectly obvious that at least for the next several months I would not be able to offer very much by way of a substantive role and the future beyond that is quite uncertain. Certainly if you had any opportunity to meet in New York City (and we would be glad to host that here at the University) I would make every effort to continue to stay in touch.

I must say I am still decidedly unenthusiastic about a Sample Return Mission but have no expectation that my views on this question will have any influence on the political decision.

Will you please note a small correction in my new address as given in the list at the end of your letter.

Best wishes.

Yours sincerely,

  
Joshua Lederberg
